A travel Insurance policy should be an important part of your holiday plans. You should consider the consequences of not taking out a travel insurance policy, such as:

1. The risk of you having to cancel or cut short your holiday if you fall ill or suffer an injury is the same irrespective of where your holiday is.
2. Likewise, the risk of you falling ill or suffering an injury during your holiday is the same irrespective of where your holiday is, the only difference being the potential cost of expenses incurred.

This isn't intended to put you off travelling, quite the opposite. Taking out a travel policy should give you the reassurance that, should something unexpected happen before or during your holiday, you have access to speedy and professional assistance, as well as the opportunity to claim compensation for your loss.

However, due to the complexity and increased cost to comply with Financial Conduct Authority regulatory requirements, it's unfortunately become unviable for us to sell a travel insurance policy directly to you, our customers.

Believing in the importance of taking out a travel insurance policy, we're doing our best to give you easy access to a suitable travel insurance policy. We simply believe that you should take out a travel insurance policy to cover your holiday. To get a quote or purchase a travel insurance policy through David Oliver Associates, you can call: 01371 705159 and inform the customer service agent that you are **travelling with JG Theatre Club** or visit <https://everywhenpip.b2ctravel.co.uk> **and select J G Theatre Club from the drop down list.** We are simply introducing this option as a convenient choice. If you prefer to find travel insurance through another provider, that's absolutely fine—what matters most is that you have adequate cover in place. Having the right travel insurance gives you peace of mind, so you can relax and enjoy a stress-free holiday knowing you're protected.
